

## FOX INSURANCE COMPANY of NEW YORK ANNOUNCEMENT

March 9, 2010

Dear Pharmacy Owner / Pharmacist-In-Charge,

Effective March 10, 2010, the Centers for Medicare & Medicaid Services (CMS) is ending its PDP contract with Fox Insurance Company of New York ("Fox"). Thus, after March 9, 2010, CMS will no longer permit Fox to offer the Medicare Prescription Drug Plan. Because the Fox plan is ending, CMS is enrolling all current Fox enrollees (LIS, non-LIS) into the Limited Income NET Program (LI-NET), which is administered by Humana, to make sure these Part D eligible beneficiaries continue to have Medicare drug coverage. This temporary Medicare coverage under the LI-NET program begins on March 10, 2010 and will extend until April 30, 2010, unless an enrollee subsequently selects a different plan.

The LI-NET program is the only way for affected Fox members to receive their Medicare drug coverage during the transition period starting on March 10, 2010. As in the normal course of business, an E1 inquiry may be initiated to determine member eligibility in the LI-NET program. Along with presenting a new prescription or requesting a refill, eligible members may be presenting a letter from CMS that validates their eligibility during this transition period.
